Proposed Crown Reduction of Birch Tree (3m Overall)

Verification of Application – Evidence

Evidence to support this application is provided in the form of recent site photographs and a location plan showing the tree's position in relation to the garden and nearby summer house.

These images demonstrate that the birch tree has outgrown its current setting and is now having a significant shading impact on the garden and summer house, reducing natural light and limiting the enjoyment and amenity of the outdoor space.

Rather than removal, it is proposed that the tree be retained and appropriately managed through a **3 metre overall crown reduction**, in order to reduce its size and improve light levels, while maintaining the tree's long-term contribution to the property and local landscape.

The enclosed materials therefore represent the available evidence to verify the grounds for this application.

Dear Members of Rhuddlan Town Council,

Re: Grant Application in Support of Marie Curie's Services in the Community

I am writing on behalf of *Marie Curie* to kindly request consideration for a grant from Rhuddlan Town Council to support our vital work providing end-of-life care and bereavement support to people across North Wales.

Marie Curie nurses, healthcare assistants, and our information line provide compassionate, specialist support to individuals and families facing terminal illness. Last year alone, our teams in Wales delivered thousands of hours of free care, enabling people to remain in the comfort of their own homes surrounded by loved ones. We also provide essential emotional and practical guidance to carers and families at some of the most difficult moments in their lives.

As a charity, we rely heavily on voluntary donations to continue delivering these services. Support from Rhuddlan Town Council would make a meaningful difference to local people by helping to fund:

- Specialist nursing care delivered in patients' homes;
- Emotional and bereavement support for family members;
- Resources for our free information and support services;
- Ongoing training for our care teams to ensure the highest standards.

A contribution from the Council would directly support residents within the community who depend on our services, ensuring that no one has to face terminal illness alone.

We would be delighted to acknowledge the Council's support and are happy to provide any further information required to assist with the application.

Thank you very much for considering our request. Your support would help us continue to provide compassionate, expert care to those who need it most in Rhuddlan and the wider region.

Yours faithfully,

Charlotte Brown

What are the main aims/objectives of your organisation? Maximum 50 words

Marie Curie Nurses and healthcare professionals provide expert hospice care, whatever the illness, in the comfort of home. Whether you have months, weeks or days left to live, our services help provide you with clinical care and emotional support, assisting you so you're able to live the best life you can to the end.

Everyone will be affected by dying, death and bereavement. That can't be changed, but the end-of-life experience can. Everyone deserves the best possible care and support, reflecting what's the most important to them.

Over the next five years and beyond, our mission is to close the gap in end-of-life care. Between now and 2028 we'll design and deliver services providing the best possible care and support to people living with any terminal illness and those close to them.

We want every part of Marie Curie to be a place where everyone feels accepted, respected, valued, and heard – whether they're staff, volunteers, supporters or the people we help.

Where and when does your organisation meet?

North Wales & North Powys staff meet regularly with local volunteers, supporters and fundraising groups in various locations. We meet with the Denbighshire Fundraising group on a regular basis. We also meet at our office in Colwyn Bay.

Project / Activity Details**For what purpose are you applying for funding?**

This grant would support Marie Curie's Hospice at Home nursing service in Rhuddlan and the surrounding area (the Hospice at Home team and Companion service).

From nursing and personal care to emotional support, the Hospice Care at Home service provides expert, hands-on care in the comfort of your own home. We can manage symptoms, help plan the care people need and provide emotional support, so patients and families feel safe, reassured and get the vital services which could otherwise be out of reach. In some instances, depending on the support needed, we may be able to provide our Urgent Hospice Care at Home service, bringing fast, responsive care so patients don't have to wait for the next scheduled visit and can avoid the anxiety of rushing to hospital. Hospice Care at Home services help people with any illness they're likely to die from, and the people close to them.

We also offer our local Companion service, in which companion volunteers provide the emotional and practical support to patients and their families want – over the phone, at home, or in hospital.

Please state the amount you are asking for with a breakdown of the estimated total costs:

We would be grateful for any amount up to £1000. Funding for our Hospice at Home nursing service is part-funded by the local health board. However, with increasing costs and further demand on our services, we rely on donations from the local community to ensure we can fully fund the service so we can support as many people in local communities as possible at the end of life.

Please provide details of any other sources of income to be used towards this project/activity/event:

As an ongoing service, we will continue to fund this project through fundraised donations from the public and groups and organisations. This includes donations from supporters in memory of loved ones who received care from Marie Curie nurses at their homes, as well as donations raised by our local Denbighshire Fundraising Group – a group of local volunteers, some of whom live in Denbighshire county. We also raise donations from events held in the local community and ask local businesses to support Marie Curie nursing services in their area.

Approximately how many people from the Rhuddlan Area will benefit from this project/activity/event?

Between 2024/2025 240 people received 3742 hours of nursing care in the Denbighshire area, including Rhuddlan.

Has your organisation/group received a grant from Rhuddlan Town Council previously?

Yes ☐ No ☒

If yes, please provide details:

Please provide any other information that you would wish the Council to take into account when considering this application:

We support a number of people from Rhuddlan through our hospice at home nursing service at end of life every year. Patients are referred to Marie Curie by a healthcare professional. Our local Companion Service also offers emotional and practical support in incredibly difficult circumstances for the patient and their families.

What are the main aims/objectives of your organisation? Maximum 50 words

St Mary's prime aim is to serve as a Christian place of worship in Rhuddlan – a role it has fulfilled for more than 700 years. This religious role is combined with more secular functions with appeal to the wider community.

Where and when does your organisation meet?

Church services are held every Sunday and most Thursday mornings, with occasional services at other times. The latter include baptisms, weddings and funerals.

The church and churchyard are left open to the public daily throughout the year – providing ready access to a building of spiritual and historic interest and to a churchyard which offers a pleasant, peaceful and biodiverse outdoor space.

Other activities include: Artisans' Fairs (x 10 per year); Ysgol y Castell end-of-term services (x 4 per year plus practices) and other events (e.g. Open Doors weekend; Christmas Tree Festival; occasional concerts; dog show; community services – including Remembrance Day and Civic services).

Project / Activity Details

For what purpose are you applying for funding (please continue on a separate sheet if required):

The overall purpose of this funding application is to seek financial support in for the continued maintenance and promotion of the 13th century church of St Mary's as a significant historic and community resource in Rhuddlan.

Specifically, support for energy costs associated with the following community focussed activities:

Artisan's Fairs (x 10 per year) - running for 14 years, this established event links St Mary's to the wider community providing a well-supported retail opportunity for local crafters and consumers from Rhuddlan and further afield.

Ysgol y Castell end-of-term whole-school services/celebrations (x4 per year plus associated practices). St. Mary's Church is the only venue in the town able to host the ~200 pupils and staff of y Castell along with audiences of ~150+ family members.

Other community events include: (i) an established 3-day Christmas Tree Festival - actively engaging the school plus various groups/societies and others in decorating their own Christmas trees for display. This attracts numerous visitors (~400) to view and vote for a favourite tree, partake in the various stalls, games and refreshments, or even call in on Father Christmas in his Grotto; (ii) annual participation in Open Doors weekend - providing themed exhibitions and displays (e.g. marking the VE and VJ anniversaries in 2025) and including involvement by the Rhuddlan History Society; (iii) occasional public concerts e.g. Trelawnyd Male Voice Choir; Civic and Remembrance Day services; Dog show and Pet service (Total x 8-10 days per year).

Open church policy: St Mary's is left open to the public ~10 months of the year x7 days a week ~10:00-16:00. A free self-guided tour of the church and its many historic features is provided, as is a comprehensive guide book (in Welsh or English) for purchase. The visitor book records individuals from across the UK as well as other parts of the world.

St Mary's Ladies' Fellowship meet fortnightly through much of the year – organising a series of events (e.g. guest speakers, visits, coffee mornings and meals) which provide an opportunity to socialise and raise money for various charities (including the church) and bring together individuals from a wider sphere than just regular church attendees.

Total gas heating costs for these events in 2025 estimated at ~£400 (excludes electricity and water use).

Provision of church floodlighting illuminating St Mary's as an iconic building (alongside the castle) on Rhuddlan's western skyline - and serving as an impressive beacon for the town.

Electricity costs for provision of floodlighting in 2025 estimated at ~£200.

Maintenance of the church grounds including car park – provides (i) much needed parking space for visitors; (ii) an area for outside stalls and cafe at Artisan's Fairs and similar events (e.g. Dog show); and (iii) safe access to the churchyard as a peaceful and attractive greenspace and including numerous headstones and monuments of historic interest.

Annual cost of grounds maintenance in 2025 ~£400

Please state the amount you are asking for with a breakdown of the estimated total costs:

Costs as stated:

*Total gas heating costs for community events in 2025 estimated at ~£400 (excludes electricity and water use).**

*Electricity costs for provision of floodlighting in 2025 estimated at ~£200.**

Annual cost of grounds maintenance in 2025 ~£400

Total ~£1,000

This estimate takes account of reduced energy costs in 2025 - in part likely to be related to installation of a more efficient gas boiler in late 2024. Grounds maintenance costs have also reduced with a greater contribution from purely voluntary labour in 2025.

Please provide details of any other sources of income to be used towards this project/activity/event:

Other costs/resources associated with these events provided from church funds/volunteer support.

Approximately how many people from the Rhuddlan Area will benefit from this project/activity/event?

Artisan's Fairs ~1,000

School services ~1,400

Christmas Tree Festival ~400

Other events ~200

Total ~3,000

Has your organisation/group received a grant from Rhuddlan Town Council in the last three years?

Yes

If yes, please provide details:

Annual support has been provided for a similar programme of community events/facilities.

Please provide any other information that you would wish the Council to take into account when considering this application:

It will be evident from the copy of the attached accounts, that St Mary's has benefitted from receipt of a substantial legacy of ~£130K in 2025. Conditions attached to this legacy mean it is restricted to funding the 'upkeep and maintenance of the building and grounds', and so, in essence, it is not available for use in meeting day-to-day running costs. Hence, the continued need for the church to raise funds to meet its running costs. This is reflected in the series of events and activities listed in this application, and the planned continuation of these activities in 2026.

The legacy does, however, provide St Mary's with a firm basis from which to leverage other grant funding aimed at improving the building and its use by all. To that end, we have recently, with professional support, begun the process of seeking Heritage Lottery funding toward a package of works which aims to develop St Mary's as a physically more accessible and welcoming building - better equipped to support and expand the range of activities that currently take place there. The latter includes measures to enhance the promotion and display of the rich history of St Mary's and its many features, as well as the history of the wider community here in Rhuddlan.

The Heritage Lottery grant application process is a long and complex one. In its initial phase it will include consultation with interested parties across the community to seek their views on the proposals for St Mary's. No doubt, the Town Council will be invited to take part in that consultation.

Statement to be completed by the Chairman/Secretary/Treasurer of the organisation.

I confirm that all the information on this form is true and correct and that any grant received will be used for the specified purpose(s) only.

I confirm I have enclosed a copy of the following documentation to support this application

(if not, please state reason why below)

Copy of latest audited accounts - Yes – Note: Audited accounts omit reference to St Mary's historic parish share debt. At the end of 2025, this stood at £14,000 reduced from ~£35,500 by annual repayments of ~£2,000 paid since 2014.

Copy of latest bank statements – see 'assets and liabilities' at year-end 2025.

Rhuddlan Town Council

Subject: Request for funding

Dear Councillors,

I am writing on behalf of our library to request financial support towards the purchase of Easter eggs for our upcoming Easter craft session, which will be held during the school holidays. As you know, our Easter events have become well-attended annual happenings enjoyed by local families

As part of this years session, children will take part in creating and decorating their own Easter crafts . We aim to provide a small Easter egg for each participating child as a token of celebration and inclusion. Based on anticipated attendance, we expect a large number of children to take part, and we are therefore seeking funding to help cover the cost of purchasing the eggs. We have also submitted a funding application to the Blakemore Foundation, as we have successfully done in previous years. However, as funding is not guaranteed and may not cover the full cost, we are seeking the Town Council's support to ensure the event can proceed without limitation.

Any contribution the Council can provide would be greatly appreciated and would directly benefit local families. We would, of course, acknowledge the Council's support in our promotional materials and during the event itself. Thank you for considering our request and for your continued support of the library and its programmes.

Many thanks,

Mathew Baker

Subject: Proposal to use RAS water

Dear Steve,

RTC proposal to use RAS water for raised bed.

We are happy to proceed on the condition that:

1. Only Committee members from RAS will be responsible for watering.
2. RTC will maintain the bed(s), and we are happy to offer guidance on plant type and a planting plan.
3. We accept the offer of £500 annually. Could you please confirm the date so that we can provide our bank details?

Thanks
